## THE SPACE ON THE WALL TOUR 2009!

Dead Letter Circus have been flat out recording new material with producer Forrester Savell for their debut album! The band headed straight back into the studio after a successful US trip where they were snapped up by US powerhouse booking agency CAA (AC/DC, Alice in Chains etc.), with plans to tour the USA later in the year.

If you missed them on the Sold Out Butterfly Effect tour or just need your DLC fix, then this is your chance to secure a ticket early. The band will be playing completely fresh tracks including their new single 'SPACE ON THE WALL' (out late August) and all your old favourites! Warm up your vocal chords with some lemon and honey, then come on down to blast off the wintery chills.

Joining DLC will be Melbourne band Sydonia on the East Coast and MM9 in WA, along with special guests!
