SPITSHINE TOUR 2009 Announcement

Presented by Elefant Traks, New World Artists, Umbrella, triple j, triple j tv & Street Press Australia

URTHBOY

HORRORSHOW

With special guests **Polo Club**

From late September to mid November **Urthboy** embarks on his biggest tour to date, teaming up with wonderkids **Horrorshow** to launch their brand new records at over 25 dates nationwide.

Urthboy's hotly anticipated third album ***Spitshine*** (hitting shelves August 28) has already generated a huge buzz: most downloaded song on triple j in 2009; soldout single launches; rotation on radio and TV. The video for current single ***Ready to Go*** (www.elefanttraks.blogspot.com) is an LED light inspired slice of adrenalin hip hop. The energetic and theatrical live show involves **Elgusto** (Hermitude) and **Jane Tyrrell**.

Horrorshow have experienced a rapid but organic rise in 12 short months, with their invigorating debut ***The Grey Space*** capturing a national following. Their second album, ***Inside Story***, is set to dramatically swell their fanbase when it drops on Oct 2.

Opening the Spitshine tour is Melbourne's **Polo Club** (triple j Unearthed/MTV Kickstart winners).
